(International Prices Vary)
July 2024

Telos Part Number	Description	List Price	Warranty
ACA-INA	Initial Network Assessment using Telos ACA	\$ 500,000.00	
ACA-MMS	ACA Main Monthly Subscription - (Up to 100M Daily Lines of Code)	\$ 650,000.00	
ACA-TIR	Threat Intelligence Report - Network Assessment Findings and Recommendations using Telos ACA	\$ 200,000.00	
AMHS-HS-ML-01	AMHS Medium/Large Hardware Suite - Hardware suite certified to run Automated Message Handling System, system is preconfigured, staged and tested.	\$ 26,100.00	1 Year
AMHS-HS-S-01	AMHS Small Hardware Suite - Hardware suite certified to run Automated Message Handling System, system is preconfigured, staged and tested.	\$ 22,850.00	1 Year
AMHS-ITS-L-01	Telos AMHS ITS Client Large System for up to 1,000 user accounts	\$ 527,000.00	1 Year
AMHS-ITS-M-01	Telos AMHS ITS Client Medium System for up to 500 user accounts	\$ 278,000.00	1 Year
AMHS-ITS-MT-L-01	Maintenance for Telos AMHS ITS Client Large System for up to 1,000 user accounts	\$ 83,500.00	N/A
AMHS-ITS-MT-M-01	Maintenance for Telos AMHS ITS Client Medium System for up to 500 user accounts	\$ 81,000.00	N/A
AMHS-ITS-MT-R-02	Maintenance for Telos AMHS ITS Client Regional Node, license defined user accounts	\$ 233,500.00	N/A
AMHS-ITS-MT-S-01	Maintenance for Telos AMHS ITS Client Small System for up to 100 user accounts	\$ 76,500.00	N/A
AMHS-ITS-R-02	Telos AMHS ITS Client Regional Node, license defined user accounts	\$ 2,840,000.00	1 Year
AMHS-ITS-S-01	Telos AMHS ITS Client Small System for up to 100 user accounts	\$ 100,000.00	1 Year
AMHS-LAB-01	AMHS Lab software suite to support up to 20 users; to be used in a laboratory environment only and cannot be used for operational purposes, laboratory use includes such activities as testing, product evaluation, training, troubleshooting and problem identification, and replication of problems for study.	\$ 42,250.00	1 Year
AMHS-LAB-DA-01	AMHS Distributed Architecture Lab Upgrade – Software suite to support up to 20 users with the ability to deploy on multiple servers. To be used in a laboratory environment only and cannot be used for operational purposes; laboratory use includes such activities as testing, product evaluation, training, troubleshooting, problem identification and replications of problems for study. The AMHS Distributed Architecture lab upgrade must be purchased in conjunction with AMHS-LAB-01 or an AMHS lab must have been previously purchased; please include procurement information if the latter is the case	\$ 50,650.00	1 Year
AMHS-LAF-01	AMHS Large Site Automatic Failover - Software Suite certified to support Automatic Fail-Over for an AMHS supporting approximately 1000 users.	\$ 28,550.00	1 Year
AMHS-LGY-01	AMHS Legacy Interface - Software Suite to support a Certified Legacy Interface into AUTODIN or DSSCS.	\$ 20,105.00	1 Year
AMHS-MT-CRNM-S-01	Regional Node (Consolidated) Maintenance – Small	\$ 510,000.00	1 Year
AMHS-MT-L-01	AMHS Large Site Maintenance - Includes product upgrades, telephone help desk service, telephonic system engineering support and two site visits, travel not included.	\$ 70,500.00	N/A
AMHS-MT-LAB-01	AMHS Lab Maintenance (without site visits) – Includes product upgrades, telephone help desk service and telephonic system engineering support.	\$ 41,700.00	1 Year
AMHS-MT-LAB-02	AMHS Lab Maintenance (with site visits) –Includes product upgrades, telephone help desk service, telephonic system engineering support and two site visits (travel expenses not included)	\$ 23,700.00	1 Year
AMHS-MT-M-01	AMHS Medium Site Maintenance - Includes product upgrades, telephone help desk service, telephonic system engineering support and two site visits, travel not included.	\$ 66,750.00	1 Year
AMHS-MT-RI-L-01	AMHS Large Site Re-Instatement Fee - Monthly re-instatement fee to cover any month(s) without continuous coverage for AMHS maintenance.	\$ 11,750.00	1 Year
AMHS-MT-RI-M-01	AMHS Medium Site Re-Instatement Fee -Monthly re-instatement fee to cover any month(s) without continuous coverage for AMHS maintenance.	\$ 11,100.00	1 Year
AMHS-MT-RI-RMN-01	AMHS Regional Messaging Node Re-Instatement Fee – Monthly re-instatement fee to cover any month(s) without continuous coverage for AMHS maintenance.	\$ 33,700.00	1 Year
AMHS-MT-RI-S-01	AMHS Small Site Re-Instatement Fee - Monthly re-instatement fee to cover any month(s) without continuous coverage for AMHS maintenance.	\$ 10,550.00	1 Year
AMHS-MT-RMN-01	AMHS Regional Messaging Node Maintenance - Includes product upgrades, developer and telephone help desk service, telephonic system engineering support and four site visits, travel not included.	\$ 202,200.00	N/A
AMHS-MT-S-01	AMHS Small Site Maintenance - Includes product upgrades, telephone help desk service, telephonic system engineering support and two site visits, travel not included.	\$ 63,200.00	N/A
AMHS-MT-XTMC-01	Xacta Tactical Messaging Maintenance: Includes product upgrades, telephone help desk service and telephonic system engineering support	\$ 8,820.00	N/A

Telos U.S. Commercial Pricelist
(International Prices Vary)
July 2024

Telos Part Number	Description	List Price	Warranty
AMHS-RMN-02	AMHS Regional Messaging Node 2 (Microsoft GFE) Regional Messaging Node provides classified and unclassified DMS and Legacy organizational messaging support for a defined command / organization (i.e. MACOM or MAJCOM) or a defined area of operations that the Service or command supports. Includes certified failover support and may be hosted on multiple servers at the host location as the messaging load dictates. CPXP, cipher server, T2CSS and hardware must be procured separately.	\$ 2,450,000.00	1 Year
AMHS-SAT-01	AMHS System Admin Training - 4 Day System Administrator Training.	\$ 3,840.00	1 Year
AMHS-SITE-DA-UPG-01	AMHS Distributed Architecture Site Upgrade –Software suite upgrade to support users with the ability to deploy on multiple servers. The AMHS Distributed Architecture Site Upgrade must be purchased in conjunction with AMHS-SS-S-01, AMHS-SS-M-01, AMHS-SS-L-01 or an AMHS site license must have been previously purchased; please include procurement information if the latter is the case.	\$ 50,650.00	1 Year
AMHS-SMAF-01	AMHS Small and Medium Site Automatic Failover - Software Suite certified to support Automatic Fail-Over for an AMHS supporting approximately 100-500 users.	\$ 15,600.00	1 Year
AMHS-SS-L-01	AMHS Large Software Suite - Software suite to support up to 1000 users.	\$ 445,000.00	1 Year
AMHS-SS-M-01	AMHS Medium Software Suite - Software suite to support up to 500 users.	\$ 229,500.00	1 Year
AMHS-SS-S-01	AMHS Small Software Suite - Software suite to support up to 100 users.	\$ 83,150.00	1 Year
AMHS-UAT-01	AMHS User Training - 4 Hour User Training	\$ 780.00	1 Year
AMHS-UP-100	Additional 100 AMHS User Pack - Additional user licenses to support customers that have purchased or already operate AMHS.	\$ 30,000.00	1 Year
AMHS-UP-250	Additional 250 AMHS User Pack - Additional user licenses to support customers that have purchased or already operate AMHS.	\$ 75,000.00	1 Year
AMHS-XMTC-AF-01	Xacta Tactical Messaging Capability Automatic Failover	\$ 15,500.00	1 Year
AMHS-XTMC-01	The Xacta Tactical Messaging Capability (XTMC): This capability serves as a tactical extension to an existing Xacta Automated Message Handling System (all users must be covered by a previously purchased Xacta AMHS license). XTMC includes the Defense Message System	\$ 52,500.00	1 Year
AMHS-XTMC-LAB-01	Xacta Tactical Messaging Capability Lab – Lab software suite to support Xacta Tactical Messaging Capability; to be used in a laboratory environment only and cannot be used for operational purposes. Laboratory use includes such activities as testing, product evaluation, training, troubleshooting, problem identification and replication of problems for study.	\$ 26,500.00	1 Year
ASMT-CDR	Cloud Design Review - Assessment of proposed cloud architecture. Provide advisory on cloud design, migration approach and security implementation, focusing on areas of optimization, cloud best-practices, cost savings and third party offerings.	\$ 8,750.00	N/A
ASMT-CMMCSA-L1	CMMC Security Advisory - L1 - Identifies gaps between the organization's environment and the 17 required controls from FAR.52.204-21. CMMC Level 1 is the foundational level.	\$ 7,500.00	N/A
ASMT-CMMCSA-L2	CMMC Security Advisory - L2 - Identifies gaps between the organization's environment and the 110 required controls from NIST 800-171. Level 2 is for organizations that handle CUI data.	\$ 21,250.00	N/A
ASMT-CMMCSA-L3	CMMC Security Advisory - L3 - Identifies any gaps between the organization's environment and the 110 required controls from NIST 800-171 and a subset of NIST 800-172 controls. CMMC Level 3 is for organizations that work with controlled unclassified information on critical systems.	\$ 30,000.00	N/A
ASMT-CRA	Cloud Readiness Assessment - Initial assessment of on-premises architecture, current applications and evaluation of each component for lift and shift, refactoring, or re-engineering.	\$ 13,750.00	N/A
ASMT-CSA-LG	Cloud Security Assessment - Large - Preliminary security assessment of IaaS, PaaS or SaaS with identified security failings. Compliance discussed with the customer for a base control review to include review of current controls, known deficiencies, implementation of controls, suggested controls and configurations. Security assessed at NIST 800-53 or equivalence – approximately 300-400 controls.	\$ 55,000.00	N/A
ASMT-CSA-MD	Cloud Security Assessment - Medium - Preliminary security assessment of IaaS, PaaS or SaaS with identified security failings. Compliance discussed with the customer for a base control review to include review of current controls, known deficiencies, implementation of controls, suggested controls and configurations. Security assessed at NIST 800-171 or equivalence – approximately 100-150 controls	\$ 21,250.00	N/A
ASMT-CSA-SM	Cloud Security Assessment - Small - Preliminary security assessment of IaaS, PaaS or SaaS with identified security failings. Compliance discussed with the customer for a base control review to include review of current controls, known deficiencies, implementation of controls, suggested controls and configurations. Security assessed to "best practices" approximately 35-50 controls.	\$ 10,000.00	N/A

Telos Part Number	Description	List Price	Warranty
ASMT-EPT	External Pen Test - An external penetration test that simulates malicious attacks against perimeter systems which are reachable via the internet, in order to assess the security of the customer's systems.	\$ 30,000.00	N/A
ASMT-FC	FedRAMP Categorization - Assists in defining which FedRAMP phase the customer needs to pursue, either low, moderate, or high. This is accomplished by working with the customer on categorizing their data and the systems that process the data.	\$ 5,000.00	N/A
ASMT-FHR	FedRAMP High Readiness - Assessment that identifies the operational security capabilities currently in place focusing on all 17 required security control families described in NIST SP 800-53 Rev4.	\$ 61,250.00	N/A
ASMT-FMR	FedRAMP Moderate Readiness - Assessment that identifies the operational security capabilities currently in place focusing on 12 out of the 17 required security control families described in NIST SP 800-53 Rev4.	\$ 51,250.00	N/A
ASMT-HRA-LG	HIPAA Readiness Assessment - Large - Detailed review and assessment of information technology security controls, personnel controls, and policies and procedures that are utilized to protect protected health information (PHI). (Scope 400-2000 HIPAA beholden personnel)	\$ 45,000.00	N/A
ASMT-HRA-MD	HIPAA Readiness Assessment - Medium - Detailed review and assessment of information technology security controls, personnel controls, and policies and procedures that are utilized to protect protected health information (PHI). (Scope - 101-400 HIPAA beholden personnel)	\$ 35,000.00	N/A
ASMT-HRA-SM	HIPAA Readiness Assessment - Small - Detailed review and assessment of information technology security controls, personnel controls, and policies and procedures that are utilized to protect protected health information (PHI). (Scope - Under 100 HIPAA beholden personnel)	\$ 30,000.00	N/A
ASMT-ICA	Initial Compliance Assessment - Assesses the types of data hosted to ensure your organization is aware of all compliance frameworks your organization needs to meet and what they entail.	\$ 10,000.00	N/A
ASMT-ICMMCPA	Initial CMMC Preparation Assessment - Assesses the types of data hosted to ensure your organization is aware of which CMMC level will be applied and what gaps exist between your current and needed security architecture.	\$ 10,000.00	N/A
ASMT-RVA	Reoccurring Vulnerability Assessment - Assessment that provides an on-going susceptibility of systems to known vulnerabilities. Multiple tools used to provide scans as part of a continuous monitoring strategy to identify vulnerabilities, level of criticality, etc.	\$ 10,000.00	N/A
ASMT-S2R	SOC2 Readiness - Assessment that provides an analysis of the gaps that exist in the security controls, including Personnel, Software and Tools, Digital Infrastructure, Data Storage, and Technical and Operational Controls, and helps highlight the amount of work needed before undergoing a SOC 2 attestation.	\$ 88,750.00	N/A
ASMT-TPSR	Third Party Software Review - Provide advisory on third party software solutions to ensure selection of the most secure, compliant, and cost-efficient option for the cloud environment.	\$ 10,000.00	N/A
ASMT-VS-LG	Vulnerability Scanning - Large - Detailed report of the susceptibility of their systems to known vulnerabilities. Multiple tools used to gather vulnerability data on the target systems, and determine the severity of the discovered issues in the context of the customer systems (Scope- 253-1512 IP Addresses)	\$ 10,000.00	N/A
ASMT-VS-MD	Vulnerability Scanning - Medium - Detailed report of the susceptibility of their systems to known vulnerabilities. Multiple tools used to gather vulnerability data on the target systems, and determine the severity of the discovered issues in the context of the customer systems (Scope- 33-252 IP Addresses)	\$ 6,250.00	N/A
ASMT-VS-SM	Vulnerability Scanning - Small - Detailed report of the susceptibility of their systems to known vulnerabilities. Multiple tools used to gather vulnerability data on the target systems, and determine the severity of the discovered issues in the context of the customer systems. (Scope- 32 IP addresses and under)	\$ 4,500.00	N/A
BIO-004040-1000	Biometrics NTS/ETAS Surge Suppressor X, 110v	\$ 75.00	1 Year
BIO-004040-1001	Biometrics NTS/ETAS Surge Suppressor XII, 110v	\$ 144.00	3 Years
BIO-004040-1002	Biometrics RAPIDS Hardened Deployable Laptop XII, 110v	\$ 5,835.00	1 Year
BIO-004040-1003	Biometrics NTS/ETAS Surge Suppressor XIII, 110v	\$ 110.00	5 Years
BIO-004040-1004	Biometrics PIV Camera XI, 110v	\$ 795.00	1 Year

BIO-004040-1005	Biometrics Handheld Barcode Scanner/Decoder VIII USB Cable Bundle <i>**Due to the fact that these cables are specially manufactured in the US on a per order basis, a resulting order is non-cancelable and cannot be returned. This lot of qty. 700 cables includes the minimum amount orderable. Additional cable may be ordered only with the purchase of this CLIN as an open market item as we cannot include low quantity pricing due to the minimum amount that needs to be ordered. If you would like additional cables over the qty. 700 that are in this lot, please request open market pricing to be included on your quote so that it can be ordered at the same time as this lot of cables**</i>	\$ 24,400.00	30 Days
BIO-004040-1006	Biometrics Handheld Barcode Scanner/Decoder VIII USB Additional Cable <i>**This CLIN may only be purchased at the same time as BIO-004040-1005. This CLIN cannot be purchased separately.**</i>	\$ 35.50	30 Days
BIO-004040-1007	Biometrics Hardened Wireless Notebook w/Touchscreen XVII AC Adaptor	\$ 79.00	1 Year
BIO-004040-1008	Biometrics Hardened Wireless Notebook w/Touchscreen XVII DVD	\$ 106.00	1 Year
BIO-004040-1009	Biometrics Hardened Wireless Notebook w/Touchscreen XVII 2GB SDRAM	\$ 48.00	1 Year
BIO-004040-1010	Biometrics Hardened Wireless Notebook w/Touchscreen XVII 4GB SDRAM	\$ 89.00	1 Year
BIO-004040-1011	Biometrics Hardened Wireless Notebook w/Touchscreen XVII 250GB HDD	\$ 80.00	1 Year
BIO-004040-1012	Biometrics DBIDS Layer 2 Mobile Gate Kit Upgrade	\$ 695.00	1 Year
BIO-004040-1013	Biometrics PDA Terminal Case Long	\$ 161.00	1 Year
BIO-004040-1014	Biometrics PDA Terminal Case Short	\$ 156.00	1 Year
BIO-004040-115	TELOS Biometrics Smart Card Reader/Writer, USB, 331	\$ 40.00	6 Months
BIO-004040-116	TELOS Biometrics Finger Print Reader, USB, 2080	\$ 580.00	3 Years
BIO-004040-151	Biometrics Deployable tripod w/Case	\$ 158.40	1 Year
BIO-004040-155	Biometrics Client Verification/Enrollment License	\$ 90.00	N/A
BIO-004040-156	Biometrics Client Verification/Enrollment Maintenance	\$ 20.00	N/A
BIO-004040-161	Biometrics Plastic Card Stock	\$ 112.00	N/A
BIO-004040-167	Biometrics High Definition Laminating Smart Card Printer, 110V	\$ 10,495.00	2 Years
BIO-004040-168	Biometrics High Definition Modular Smart Card Printer, 110V	\$ 11,301.08	90 Days
BIO-004040-169	Biometrics Modular Laminator, 110V	\$ 4,214.84	90 Days
BIO-004040-170	Biometrics High Definition Module Smart Card Printer Kit, 110V	\$ 15,515.92	90 Days
BIO-004040-171	Biometrics Desktop Digital Camera, 110V	\$ 1,239.62	1 Year
BIO-004040-174	Biometrics CPR Finger Print Scanner Kit	\$ 651.75	3 Years
BIO-004040-182	Biometrics USB Hub, 110V	\$ 142.71	5 Years
BIO-004040-197	NTS Registration Station Case	\$ 1,367.26	1 Year
BIO-004040-198	NTS Conveyance Station Case	\$ 1,504.26	1 Year
BIO-004040-199	NTS Large Supply Case	\$ 1,385.76	1 Year
BIO-004040-200	NTS Small Supply Case	\$ 1,155.88	1 Year
BIO-004040-202	NTS Wristbands	\$ 635.00	90 Days
BIO-004040-203	NTS Wristbands Closures	\$ 246.00	90 Days
BIO-004040-204	Mobile DBIDS Case	\$ 5,370.00	1 Year
BIO-004040-206	Biometrics PDA Stylus, 50	\$ 349.00	90 Days
BIO-004040-207	Biometrics PCMCIA FireWire Card	\$ 99.00	1 Year
BIO-004040-218	Biometrics Iris Scanner	\$ 5,575.00	1 Year
BIO-004040-220	Biometrics Passport Scanner	\$ 2,765.00	1 Year
BIO-004040-221	Biometrics small form factor printer	\$ 342.00	1 Year
BIO-004040-238	Biometrics Hand-held Rugged 1D/2D Bar Code Scanner/Decoder (110V)	\$ 487.59	1 Year
BIO-004040-239	Biometrics Hand-held Rugged 1D/2D Bar Code Scanner/Decoder (220V)	\$ 487.59	1 Year
BIO-004040-242	Biometrics Personal Data Assistant	\$ 2,340.99	1 Year
BIO-004040-244	Biometrics Airbeam Smart Client	\$ 28.75	1 Year
BIO-004040-256	Biometrics Lightning Arrestor Kit	\$ 66.43	90 Days
BIO-004040-259	Biometrics 15' LMR 195 RBNC Male to N-Male	\$ 43.68	90 Days
BIO-004040-260	Biometrics 2dBi Short Rubber Duck Dipole Antenna	\$ 20.75	90 Days
BIO-004040-261	Biometrics Antenna, Single Sector 12-14 dBi w/15' Cable	\$ 250.00	90 Days
BIO-004040-262	Biometrics Antenna w/o Reflector	\$ 220.91	90 Days
BIO-004040-263	Biometrics Antenna w/ Reflector	\$ 246.56	90 Days
BIO-004040-264	Biometrics MAG Mount w/12' non-Terminated Cable	\$ 25.00	90 Days
BIO-004040-265	Biometrics N - Type Connector For Mag Mount Cable	\$ 5.00	90 Days
BIO-004040-266	Biometrics MAG Mount w/12' cable	\$ 28.89	90 Days
BIO-004040-274	Biometrics Tape Cleaning Cartridge	\$ 17.92	30 Days
BIO-004040-280	Biometrics Personal Edition, min 1	\$ 389.76	30 Days
BIO-004040-281	Biometrics Personal Edition Maintenance, min 1	\$ 77.77	30 Days
BIO-004040-289	Biometrics Finger Print License	\$ 0.44	1 Year
BIO-004040-290	Biometrics Finger Print 1 to Many Maintenance	\$ 0.09	1 Year
BIO-004040-291	Biometrics NT Utilities	\$ 301.81	30 Days
BIO-004040-292	Biometrics replication software	\$ 106.12	1 Year
BIO-004040-293	Biometrics Report Developer	\$ 660.49	30 Days
BIO-004040-304	Biometrics 8 dBi Outdoor Omni-directional Antenna with 5 Degree Downtilt	\$ 251.76	1 Year
BIO-004040-305	Biometrics 8dBi Outdoor Omni-directional Antenna with 2 Degree Downtilt	\$ 251.73	1 Year
BIO-004040-306	Biometrics 7dBi Outdoor Omni-directional Antenna with 2 Degree Downtilt	\$ 297.81	1 Year

July 2024

Telos Part Number	Description	List Price	Warranty
GA-51010	Systems Architect - MS degree, 10 years specific exp., or BS degree, 12 years specific exp. Design systems across software package boundaries; interfaces multiple computer program configuration items. Knows and is able to react to hardware and operating system environments. Knows and recommends effective hardware configuration to accomplish overall task.	\$ 176.00	N/A
GA-51013	Sr. Systems Analyst - MS degree, 2 years specific exp., or BS degree, 4 years specific exp. Performs analysis of system requirements; converts functional design to detailed logic for coding into computer language for a software system. Analyzes problems; develops sequences of program steps; converts steps to computer-processable language.	\$ 153.00	N/A
GA-51014	Systems Analyst - BS degree, 2 years specific exp. Prepares written code instructions; creates or builds system as designed. Develops and executes unit tests of unit code. Documents program.	\$ 132.00	N/A
GA-51015	Hardware Engineer - BS degree, 5 years specific exp. Provide technical support for software developers and to customers in matters dealing with system hardware. Merge electronic expertise, programming knowledge to resolve problem source. Provide guidance to system developers concerning impact of hardware changes on software systems.	\$ 144.00	N/A
GA-51018	Training Analyst - MS degree, 2 years specific exp., or BS degree, 4 years specific exp. Performs job and task analyses for software systems. Identifies and defines learning objectives for training in support of introduction of new software systems or new system capabilities.	\$ 129.00	N/A
GA-51019	Training Specialist - BS degree, 2 years specific exp. Develop system technical manuals. Design and develop technical training documents and course materials. Conducts validation of training materials against developing software systems. Instructs system users on operation of new software systems or new system capabilities.	\$ 108.00	N/A
GA-51023	Sr. Systems Engineer - MS degree, 10 years general exp., 7 years specific exp. Analyzes production, inventory control, distribution, cost analysis, finance, marketing, human resources, and a variety of other business and technical problems to formulate and develop new and modified information processing systems. Determines techniques to improve the basis for decision making, policy construction, and program design and execution.	\$ 172.00	N/A
GA-51024	Systems Engineer - MS degree, 7 years general exp., 5 years specific exp. Develops, maintains, and establishes operational specifications for information processing systems including manual systems and those supported by data processing equipment. Coordinates with all organizations involved to ascertain system requirements such as program functions, output requirements, input data acquisition, and system techniques, and controls.	\$ 142.00	N/A
GA-51025	Sr. Software Engineer - MS degree, 5 years general exp., 3 years specific exp. Conducts or participates in multidisciplinary research and collaborates with equipment designers and/or hardware engineers in the design, development, and utilization of electronic data processing systems software.	\$ 181.00	N/A
GA-51026	Software Engineer - MS degree, 5 years general exp., 1-year specific exp. Designs and develops compilers and assemblers, utility programs, and operating systems such as executive programs.	\$ 151.00	N/A
GA-51031	Field Engineering Supervisor - 10 years general exp., 7 years specific exp., 2 years supervisory exp. Supervises, plans, organizes, and schedules maintenance activities. Maintains equipment performance and maintenance records. Establishes and maintains effective customer relations. Provides guidance, training, and support for technical personnel. Maintains performance records.	\$ 186.00	N/A
GA-51033	Field Service Technician - Intermediate - 5 years general exp., 3 years specific exp. Performs preventative and remedial equipment maintenance. Install and remove systems and subsystems; make field changes. Establish and maintain effective customer relations. Provide technical support to lower level technicians.	\$ 129.00	N/A

GA-51034	Field Service Technician - Junior - 2 years general exp., 1-year specific exp. Performs preventative and remedial equipment maintenance. Install and remove systems and subsystems; make field changes. Establish and maintain effective customer relations.	\$ 74.00	N/A
GA-51035	Technical Support Specialist - AA degree, 8 years general exp., 2 years specific exp. Perform functional and financial analyses on faulty equipment with appropriate recommendations and justifications to customer. Use database to develop reports, analyze essential metrics, and convey findings to management. Apply quality control methods to recognize, evaluate, and initiate process improvements. Monitors maintenance performance criteria to assess technical proficiency and productivity of the work force.	\$ 125.00	N/A
GA-51036	Logistics Manager - AS degree, 5 years specific exp. Manages accountability of customer and contractor property from acquisition to disposal. Coordinate equipment and property requirements for technical and administrative staff. Maintains safety and security of customer equipment in contractor's possession. Manipulate database to manage inventory levels and report statistics.	\$ 108.00	N/A
GA-51037	Logistics Engineer - BS degree, 2 years specific exp., 3 years general exp. Establishes calibration requirements field systems/equipment, including all maintenance tasks. Reviews handbooks and manuals for technical adequacy. Assists in development of maintenance engineering and logistics support.	\$ 163.00	N/A
GA-51038	Logistics Specialist	\$ 74.00	N/A
GA-51039	Integrated Logistics Support Manager - AS degree, 5 years general exp., 5 years specific exp. Supervises the development of maintenance engineering and logistics support. Reviews field support requirements and recommends tools and test equipment.	\$ 134.00	N/A
GA-51040	Operations Manager - BS degree, 3 years management exp., 3 years finance exp. Administer contract finances. Maintain and enhance interaction of contractor and customer contract personnel. Use financial software and databases to monitor and report to customer. Coordinate requirements for contract modifications and audits.	\$ 125.00	N/A
GA-51048	Network Architect - MS degree, 10 years specific exp. Or BS degree, 12 years specific exp. Design networks across system boundaries; interfaces multiple configuration items. Knows and is able to react to hardware and operating system environments. Knows and recommends effective hardware configuration to accomplish overall task.	\$ 176.00	N/A
GA-51053	Network Installation Supervisor - 5 years general exp., 3 years specific exp., 2 years supervisory exp. Supervises, plans, organizes, and schedules network installers. Performs site survey to determine requirements for project. Coordinates installation, de-installation, and relocation activities. Responsible for administrative work for installers.	\$ 164.00	N/A
GA-51054	Network Installer - 3 years general exp., 1-year specific exp. Installs, de-installs, and relocates network hardware. Loads software packages on servers and workstations as required. Verifies equipment operation and performs equipment repairs. Completes checklists and acceptance forms.	\$ 103.00	N/A
GA-51056	Network Manager - BS degree, 5 years general exp., 3 years specific exp. Plans, conducts, oversees, and is responsible for all network activities. Evaluates and recommends new network technology to meet requirements. Manage network staff and network resources. Communicate effectively with employees throughout the organization.	\$ 142.00	N/A
GA-51057	Network Administrator - 5 years general exp., 2 years specific exp. Responsible for day-to-day network operations. Monitors logs and usage statistics; adjusts configuration settings as needed. Updates system user and resource configurations. Troubleshoots normal network problems. Backs-up the system and handles system security.	\$ 112.00	N/A

GA-51103	AMHS Systems Engineer, Senior - MS in a technical discipline, or BS and 10 years design experience in messaging systems. Experience must include 10 years general, including 6 years message system design, upgrade, installation, operation and/or maintenance. Must have extensive experience with the TELOS-developed AMHS. Capable of leading a team of AMHS engineers implementing, operating, and/or upgrading DMS and AUTODIN messaging systems involving some subset of the following technologies and equipment: Communication Support Processor, AGMS, LDMX or other military service message switches. Must have extensive knowledge and practical experience with Windows 2000 and 2003 server operating systems as well as Windows 2000 Pro and Windows XP Pro desktop operating systems and Internet Explorer/ Netscape browsers. Must be very knowledgeable in the following protocols: TCP/IP and Autodin Mode 1 as well as data and file encryption	\$ 233.00	N/A
GA-51104	AMHS Engineer - BS in a technical discipline, and/or applicable equivalent experience in Defense Messaging environment. Experience must include 8 years general, including 2 years message system (AUTODIN and DMS) design, upgrade, installation, operation and/or maintenance. Must have experience with the TELOS-developed AMHS. Under the supervision of a senior AMHS engineer, implement, operate and/or upgrade AMHS systems involving some subset of the following technologies and equipment: AUTODIN, DMS, Microsoft Exchange and SQL Server and Microsoft Internet Information Server. Must have knowledge and practical experience with Windows 2000 and 2003 server operating systems as well as Windows 2000 Pro and Windows XP Pro desktop operating systems and Internet Explorer/ Netscape browsers. Must have knowledge in the following protocols: TCP/IP and Autodin Mode 1 as well as data and file encryption.	\$ 209.00	N/A
GA-51105	AMHS Systems Administrator - BS in a technical discipline, and/or applicable equivalent experience in Defense Messaging environment. Must have 6 years of real system administration experience, including 2 years of messaging system administration. Experience needed with the TELOS-developed AMHS. With minimal supervision, administer one or more AMHS servers running either the Windows 2000 or 2003 server operating system. Duties include AMHS server boot-up, AMHS account and profile maintenance, AMHS database maintenance (SQL Server), server backups and user support and training as required.	\$ 163.00	N/A
GA-51106	AMHS System Operator - Associate degree in technical field or equivalent related messaging experience. Must have 4 years of general system administration experience, including 2 years of messaging system and network administration. Must have experience/ training on the TELOS developed AMHS system. With minimal supervision, operate one or more AMHS servers on the Windows 2000 or 2003 server operating system and support users of the AMHS on Windows 2000 Pro and XP desktop operating systems. Duties include AMHS server boot-up, AMHS profile maintenance and server backups as required.	\$ 117.00	N/A
GA-51113	Senior Certification and Accreditation Enterprise Security Analyst - Provide Consulting services in support of information system certification and accreditation. Develop System Security Authorization Agreements using automated tools.	\$ 191.00	N/A
GA-51114	System Specialist - The System Specialist provides on-site day to day support for the successful installation, integration, and administration of enterprise service applications. This includes user administration, system administration, help desk support, and general application administration in support of the overall security authorization mission. Bachelor's degree and a minimum 1 year experience required. In depth knowledge of enterprise applications.	\$ 166.00	N/A
GA-51115	Associate Technical Director - The Associate Technical Director possesses expert knowledge of enterprise service applications including Database Schema, Code Development, Data Migration and Custom Template (Business Process or Workflow) Development. The Associate Technical Director develops custom security authorization documentation and custom DB queries. Bachelor's Degree and two years experience in Implementation, Enterprise Deployment, or Template Development is required.	\$ 205.00	N/A
GA-51116	Project Director - The Project Director manages the overall deployment of the enterprise service application and is responsible for integration, business process re-engineering, and overall project success. The Project Director manages cost, time, scope, and quality while ensuring customer expectations are exceeded. Bachelor's degree with 7 years overall IT experience. Master's degree can be substituted for 2 years experience. PMP Certification desired.	\$ 231.00	N/A

GA-51135	<p>CAD Operator/ Draftsman, Jr. ** -Develops design drawings according to engineering sketches and proposal specifications using standard and specialized CAD digitizing techniques and skills.</p> <p>Functional Responsibilities may include:-Make engineering computations, mathematical calculations, determines scales, and prepare or revise specifications.</p> <p>-Prepare pattern generating or artwork tapes for mask fabrication and operates plotters to obtain circuit drawings.</p> <p>-Perform calculations needed to solve scaling, dimensioning, and cross section interpolations.</p> <p>-Sketch rough layout of machine and computes angles, weights, surface areas, dimensions, radii, clearances, tolerances, leverages, and hole location.</p> <p>-Make final sketch of drawings, checking part dimensions, required materials, relation of parts to whole structure or project.</p> <p>Develops solutions to routine technical problems of limited scope following detailed instructions. Work is closely supervised. High School with 2-3 yrs. of experience.</p>	\$103.00	
GA-51136	<p>CAD Operator/ Draftsman ** - Develops design drawings according to engineering sketches and proposal specifications using standard and specialized CAD digitizing techniques and skills.</p> <p>Functional Responsibilities may include:</p> <p>-Make engineering computations, mathematical calculations, determines scales, and prepare or revise specifications.</p> <p>-Prepare pattern generating or artwork tapes for mask fabrication and operates plotters to obtain circuit drawings.</p> <p>-Perform calculations needed to solve scaling, dimensioning, and cross section interpolations.</p> <p>-Sketch rough layout of machine and computes angles, weights, surface areas, dimensions, radii, clearances, tolerances, leverages, and hole location.</p> <p>-Make final sketch of drawings, checking part dimensions, required materials, relation of parts to whole structure or project.</p> <p>Works under general supervision, providing solutions to technical problems of moderate scope/complexity. High School with 4-5 yrs of experience.</p>	\$115.00	
GA-51137	<p>CAD Operator/ Draftsman, Sr. ** - Develops design drawings according to engineering sketches and proposal specifications using standard and specialized CAD digitizing techniques and skills.</p> <p>Functional Responsibilities may include:</p> <p>-Make engineering computations, mathematical calculations, determines scales, and prepare or revise specifications.</p> <p>-Prepare pattern generating or artwork tapes for mask fabrication and operates plotters to obtain circuit drawings.</p> <p>-Perform calculations needed to solve scaling, dimensioning, and cross section interpolations.</p> <p>-Sketch rough layout of machine and computes angles, weights, surface areas, dimensions, radii, clearances, tolerances, leverages, and hole location.</p> <p>-Make final sketch of drawings, checking part dimensions, required materials, relation of parts to whole structure or project.</p> <p>Independently determines and develops approach to solutions. High School with 5-6 yrs of experience.</p>	\$136.00
